CUMBA students won Austin Ventures Award!

The winner of 2011 Chinese University of Hong Kong Vice-Chancellor's Cup of Student Entrepreneurship, RetinScan, represented CUHK to participate in the internationally renowned Global Venture Labs Investment Competition (VLIC) at University of Texas at Austin campus.

Composed of four CUMBA students and a PhD student at School of Public Health, the team has won the E.Craig Nemeck Achievement Challenge and received the Austin Ventures Award! Congratulations to their great achievement and for making CUHK a proud Alma Mater.

Described by BusinessWeek as the "Super Bowl of world business plan competition," the 2011 Global VLIC was held May 4 – 7 featuring 40 teams who gained eligibility by winning a regional new venture competition in the U.S. or internationally.
